EDUCATION IS PASSPORT TO FUTURE

R1160520 - ADVANCED DIPLOMA OF CIVIL CONSTRUCTION DESIGN

CRICOS Course Code: 107777F

COURSE OVERVIEW

Our Advanced Diploma of Civil Construction Design (R1160520) is a 52 weeks course for Domestic students and 92 weeks for International students. It will help you to equip with the practical and technical skills to work with civil engineers on the design and construction of infrastructure projects. Skills you can develop during this course:

- Using CAD software including AutoCAD and REVIT to produce detailed drawings, plans and designs for construction work
- Manage civil works design processes
- Prepare detailed geotechnical design
- Developing construction management skills
- Project and risk management
- Manage project time
- Preparing civil designs

DELIVERY MODE

- Face-to-face classroom delivery
- Self-paced study
- Online

LOCATION

- Qualification will be delivered at 6/34 Old Cleveland Road, Stones Corner Qld 4120

COURSE STRUCTURE

To achieve this qualification, the candidate must demonstrate competency in:

- 12 units of competency (5 core units plus and 7 elective units)

COURSE OUTCOMES

This qualification reflects the role of an individual working as a senior civil works designer or a para-professional designer, who supports professional engineers. After achieving this qualification, possible job roles may include:

- Civil Engineering Draftsperson
- Civil Engineering Design Draftsperson
- Civil Engineering Technician
- Road Design Draftsperson
- Sewage Reticulation Drafting Officer
- Structural Engineering Drafting Officer

COURSE UNITS

BSBPMG632	Manage program risk
BSBTWK502	Manage team effectiveness
BSBWHS616	Apply safe design principles to control WHS risks
RIICWD601E	Manage civil works design processes
RIIQUA601E	Establish and maintain a quality system
BSBPMG535	Manage project information and communication
BSBPMG530	Manage project scope
RIICWD507D	Prepare detailed geotechnical design
RIICWD533E	Prepare detailed design of civil concrete structures
RIILAT402E	Provide leadership in the supervision of diverse work teams
BSBPMG531	Manage project time
BSBPMG532	Manage project quality

DOMESTIC STUDENTS

Entry Requirements:

- Applicants must be 18 years or older
- All applicants require the successful completion of studies equivalent to Australian Year 12 education as minimum level of entry into this course.

Course Fees:

- Enrolment Fees (AUD): \$500
- Material Fees (AUD): \$250
- Tuition Fees (AUD): \$12,000
- Total Fees (AUD): \$12,750

Course Duration:

- All students have up to 52 weeks to complete the required theory and practical components of this program including Holidays

INTERNATIONAL STUDENTS

Entry Requirements

- Applicants must be 18 years or older
- All applicants require successful completion of studies equivalent to Australian Year 12 education as the minimum level of entry into this course.

Course Fees:

- Enrolment Fees (AUD): \$250
- Material Fees (AUD): \$250
- Tuition Fees (AUD): \$20,000
- Total Fees (AUD): \$20,500

Course Duration:

- All students have up to 92 weeks to complete the required theory and practical components of this program including holidays. Student must attend minimum 20 hours class time per week as part of your student visa requirement.

ENGLISH REQUIREMENT

- IELTS 6.0 overall or equivalent English proficiency, OR
- Student has completed an English Language course with an Australian educational institution exiting at an Upper Intermediate level, OR
- Student has undertaken at least 5 years' prior study in an educational institution from selected countries where English was the medium of instruction; OR
- Student has successfully completed in Australia in the English language either the Senior Secondary Certificate of Education or studies at the Certificate IV or higher level, in the two years before applying to Pinnacle Institute.

CAREER OUTCOMES

This qualification reflects the role of an individual working as a senior civil works designer or a para-professional designer, who supports professional engineers. After achieving this qualification, possible job roles may include:

- Civil Engineering Drafts person.
- Civil Engineering Design Drafts person.
- Civil Engineering Technician.
- Road Design Drafts person.
- Senior Civil construction designed.
- Structural Engineering Drafting officer.

STUDENT SUPPORT

The Institute offers comprehensive learning and welfare support to create a nurturing and successful learning environment for all students. Detailed information about various student support services can be found in the student handbook, which is provided to students before enrollment and again during the orientation process. Continuous monitoring of students' course progress allows for timely interventions when satisfactory progress is not being achieved.

LEARNING AND ASSESSMENT METHODS

This course encompasses various learning and assessment techniques. Commonly utilized learning methods consist of presentations and discussions, demonstrations, individual and group activities, skills practice, role plays, case studies, simulated scenarios, and research activities. These diverse approaches ensure a comprehensive and engaging learning experience for students.

COURSE INTAKE DATES

- International intake dates for 2023 [June, September, November], 2024 [January, February, March, April]
- Domestic intake dates for 2023 [June, August, September, October, November, December], 2024 [January, February, March, April]

HOW TO APPLY

To enroll at Pinnacle Institute RII60520 - Advance Diploma of Civil Construction Design please contact our office to obtain a Student Enrolment Form or you can also apply online at <https://www.pinnacleinstitute.edu.au/admissions>.

MSF30322 - CERTIFICATE III IN CABINET MAKING AND TIMBER TECHNOLOGY

CRICOS Course Code: 112947F

COURSE OVERVIEW

Workers with this qualification have tradesperson-level skills in the manufacture and/or installation of products, including furniture and cabinetry, made from timber and other materials.

They have core skills in tool use, measuring, drawing (including computer-aided design), interpreting work documentation, preparing cutting lists, communication, teamwork, and safe and environmentally sustainable work practices. They will have specialised skills in cabinet making, kitchen and bathroom construction and installation and drafting.

Work is in a defined range of skilled operations, usually within a range of broader activities involving established routines, methods and procedures, where some discretion and judgement is required in the selection of equipment, services or contingency measures. Individuals collaborate with others to achieve quality outcomes and take responsibility for their own work. They may have some limited responsibility for the work of others. Kitchen and bathroom installers must be licensed in some states, and induction training is required for those working on construction sites.

DELIVERY LOCATION

This qualification will be delivered at:

- 6/34 Old Cleveland Road, Stones Corner Qld 4120
- Training location 3/103 Bradman street, Acacia ridge, Qld 4110

DELIVERY MODE

- Face-to-face classroom delivery
- Self-paced study
- Supervised onsite training

PLACEMENT HOURS

- 460 placement hours

COURSE STRUCTURE

106 weeks classroom delivery [includes a maximum of 16 weeks holiday] depending on intake. Students must attend minimum 20 hours class time per week as part of your student visa requirements. Distance learning is not available.

COURSE OUTCOMES

On successful completion of this course (the student being deemed competent in all units) the student will be awarded the Certificate III in Cabinet making and Timber Technology MSF30322. If only units are completed and not the full qualification Pinnacle will award a Statement of Attainment. The qualification will be awarded in line with the guidelines outlined in the VET Quality Framework. Graduates at this level will have broad knowledge and skills for paraprofessional / highly skilled work and/or further learning.

COURSE UNITS

MSFFM2013	Use furniture making hand and power tools
MSFFM3030	Produce manual and computer aided production drawings
MSFFM3031	Prepare cutting lists from design and production documentation
MSFGN2001	Make measurements and calculations
MSFGN3005	Read and interpret work documents
MSMENV272	Participate in environmentally sustainable work practices
MSMSUP102	Communicate in the workplace
MSMSUP106	Work in a team
MSFFM3038	Set up, operate and maintain automated edge banding machines
MSFFM3041	Determine and document requirements for cabinetry installation
MSFFM3042	Fabricate cabinetry
MSFFM3043	Install cabinetry
MSFFM3045	Set up, operate and maintain computer numerically controlled (CNC) machining and processing centres
MSFKB2003	Prepare for cabinetry installation
MSFKB3012	Plan kitchen and bathroom projects
CUAACD312	Produce computer-aided drawings
MSFFDM4002	Collect and interpret information to support production processes
MSFFDM4012	Produce computer-aided line and component production drawings
MSFFDM4014	Produce manual and computer-aided drawings from design concepts
BSBOPS304	Deliver and monitor a service to customers
CPCCJN3003	Manufacture components for doors, windows and frames
MSFFM2014	Select and apply hardware
MSFGN3006	Estimate and cost job
CPCWHS1001	Prepare to work safely in the construction industry
CPCCWHS2001	Apply WHS requirements, policies and procedures in the construction industry

DOMESTIC STUDENTS

Entry Requirements:

- Applicants must be 18 years or older
- All applicants require the successful completion of studies equivalent to Australian Year 12 education as minimum level of entry into course.

Course Fees:

- Enrolment Fees (AUD): \$250
- Material Fees (AUD): \$750
- Tuition Fees (AUD): \$14,000
- Total Fees (AUD): \$15,000

INTERNATIONAL STUDENTS

Entry Requirements

- Applicants must be 18 years or older
- All applicants require successful completion of studies equivalent to Australian Year 12 education as minimum level of entry into this course.

Course Fees:

- Enrolment Fees (AUD): \$250
- Material Fees (AUD): \$750
- Tuition Fees (AUD): \$24,500
- Total Fees (AUD): \$25,500

ENGLISH REQUIREMENT

- IELTS 6.0 overall or equivalent English proficiency, OR
- Student has completed an English Language course with an Australian educational institution exiting at an Upper Intermediate level, OR
- Student has undertaken at least 5 years' prior study in an educational institution from selected countries where English was the medium of instruction; OR
- Student has successfully completed in Australia in the English language either the Senior Secondary Certificate of Education or studies at the Certificate IV or higher level, in the two years before applying to Pinnacle Institute.

CAREER OPPORTUNITIES

Graduates of this course find employment in domestic or commercial projects across various industries, including manufacturing, construction and retail trade. Example job titles include:

- Cabinet maker
- Bespoke furniture maker
- Residential furniture maker
- Commercial furniture maker
- Kitchen furniture/Laundry cabinet maker
- Furniture supervisor/foreperson.

LEARNING OUTCOMES

This certification encompasses the necessary skills and knowledge needed to proficiently execute various trade-level tasks in the field of furniture making. It is designed for individuals involved in the production and installation of fitted furniture, commonly found in kitchen, bathroom, and related settings. These installation skills can be applied to both new construction projects and renovation work. The training programs associated with this qualification are well-suited for individuals pursuing formal training contracts with employers through the Australian Apprenticeship arrangement.

COURSE INTAKE DATES

- 2023: June, July, August, September, October, November, December
- 2024: January, February, March, April

HOW TO APPLY

To enroll at Pinnacle Institute MSF30322 - Certificate III in Cabinet Making and Timber Technology please contact our office to obtain a Student Enrolment Form or you can also apply online at <https://www.pinnacleinstitute.edu.au/admissions>.

BSB80120 - GRADUATE DIPLOMA OF MANAGEMENT (LEARNING)

CRICOS Course Code: 112233G

COURSE OVERVIEW

This qualification reflects the roles of individuals who apply highly specialised knowledge and skills in the field of organisational learning and capability development. Individuals in these roles generate and evaluate complex ideas. They also initiate, design and execute major learning and development functions within an organisation. Typically, they would have full responsibility and accountability for the personal output and work of others. This qualification may apply to leaders and managers in an organisation where learning is used to build organisational capability.

Entry Requirement:

- 18 years or over
- Basic computer skills
- Meet all Student Visa requirements, including IELTS 5.5 (or equivalent) or English proficiency
- Must have completed AQF Level 5 (Diploma) or equivalent

DELIVERY LOCATION

This qualification will be delivered at:

- 6/34 Old Cleveland Road, Stones Corner Qld 4120

Learners and trainers have access to high-quality, relevant facilities and training rooms where the theoretical and practical training is conducted.

DELIVERY METHODS

- Lecture/workshops
- Workbooks
- Role plays/simulations
- Practical activities

COURSE DELIVERY

52 weeks classroom delivery (includes a maximum of 8 weeks holiday) depending on intake. Students must attend minimum 20 hours class time per week as part of your student visa requirements. Distance learning is not available.

RECOGNITION OF PRIOR LEARNING (RPL)

If you think you may be eligible to apply for RPL, please contact the College to discuss.

COURSE UNITS

BSBINS603	Initiate and lead applied research
BSBSTR801	Lead innovative thinking and practice
BSBHRM613	Contribute to the development of learning and development strategies
BSBLDR811	Lead strategic transformation
TAELED803	Implement improved learning practice
BSBHRM611	Contribute to organisational performance development
PSPMGT006	Develop a business case
BSBLDR812	Develop and cultivate collaborative partnerships and relationships
